# THE EASIEST WAY TO ORDER PARTS

# EASY

PARTS ORDERING & TRACKING

TAKE A PHOTO

ADD SOME DETAIL

GET BACK TO IT

TRACK EVERYTHING

**Don't spend your day chasing parts and waiting for calls back.**

With TranzMate your staff can take a quick photo and post a query and then get back to their work. Our team will then do all the parts interpreting, with everything tracked and 100% transparent. You can even vet every purchase through your Head Office if you want to.

You'll see us working in real time on your request with notifications to your phone and we'll ask you follow up questions if required.

**Everything live. Everything tracked. Free.**

**Perfect for fleets, workshops and owner drivers to help you manage 1 or 1,000 trucks.**

Hi guys  
I need a mount plate for this suspension

Hi mate,  
No problem. Are there any ID tags on the hanger?

Sorry, no ID tags or stamps.  
It's for adjusting the rear suspension.

I've done some digging and it's SAF AD123. The hanger is \$969.51 + from Melbourne, 2-3 days. Want to go ahead?

Sure do, PO VAM1135.

## Meet the parts supplier you'll enjoy working with.

At Tranzmile we understand that your focus is on keeping your business moving. That is why we commit ourselves to providing the best level of customer service in the industry. Since we started Tranzmile in 2010 this has been our No 1 focus and remains so today. Our new Tranzmile Whites Diesels branches in Townsville, Gold Coast and Sydney are also bringing that same level of commitment to the European bus and truck markets.

### Our Approach

**1. Service** **2. Systems** **3. Inventory** **4. Choice**

We know you are busy and you need results. That is why our 4 pillars exist - to keep our focus on you and your business.

**1. Service.** Providing outstanding customer service is what we do. From a welcome when you walk through our door to ensuring you get the right part, at the right time, at the right price, outstanding customer service is everything. It's an attitude we love.

**2. Systems.** An essential key to providing you with outstanding customer service is great systems. That is why we have built TranzMate, Australia's No 1 fleet maintenance software. TranzMate provides you with instant, fully transparent and 100% reportable tracking and monitoring of all parts queries and sales. It enables your staff to work 24 x 7 logging requests and queries with our APP. You don't need to know part numbers - that is our job. Quite simply our systems ensure you get a better level of service.

**3. Parts Availability.** Getting the right part to you at the right time and importantly, at the right price, requires outstanding inventory levels and control. That is why across our eleven branches we hold one of the industry's biggest stockholding. As an organisation that encompasses both OEM and aftermarket businesses, we have stock breadth in our inventory and a national and international supply chain that is unparalleled in the industry.

**4. Choice.** We believe our customers would like a choice between genuine and aftermarket parts in most instances. We aim to give you that choice so you can get the parts that best suit your specific requirements, every time.

**Your No. 1 Independent  
Truck, Trailer & 4WD Parts Supplier**

AFTERMARKET PRICES**

OE Spares offers a growing range of high quality parts designed to replace the OE part first fitted to your truck, trailer or 4WD. OE Spares parts are high quality parts supplied at a reasonable price that meet and often exceed the original equipment quality. They come with warranties as good and often better than OE or leading brands.

- Five different rotating & flashing patterns
- Multi-stage paint coating for UV & corrosion protection
- Circular LED discs for intense, 360° visible light output
- Fully sealed & pre-wired to prevent dirt & moisture
- Impact-resistant PC lens system
- Heavy-duty cast alloy base & cap for mechanical strength & vibration resistance
- Low current draw
- Low EMC signature (CISPR class 5)
- ECE R65, R10 certification
- SAE J845 compliant

NB: Flat batteries are used in testing

NB: Flat batteries are used in testing

**PATENTED RAPID RECHARGE TECHNOLOGY (RRT)**

Always ready for the next emergency, RRT will replenish the power used in as little as 40 seconds when left connected to the started battery.

**ALL-IN-ONE PROTECTION  
& EASY-TO-USE**

Engineered for ease-of-use and complete protection for both users and vehicles against shorts, surges and accidental incorrect use.

**UNPARALLELED SAFETY &  
SUPERIOR PERFORMANCE**

Purpose built for jump starting, LiFePO<sub>4</sub> batteries are safer and last up to 4 times longer than Lithium Cobalt batteries.

**COMPACT, RELIABLE  
& RUGGED**

Designed and tested in Australia, Intelli-Start are weatherproof, compact, lightweight and rugged ensuring ease of portability and storage.

# FITTING OUT A WORKSHOP OR BREAK DOWN TRUCK?

SPEND OVER \$20,000  
WITH TRANZMILE AND  
WIN A TRIP TO BALI!\*

Tranzmile supplies a huge range of parts & equipment to fit out your next workshop or your breakdown truck. Whether it is lube systems, lifts, tools or diagnostic equipment, we have it all.

Simply spend over \$20,000 + GST on workshop equipment or diagnostic tools with our participating suppliers Alemilube, SP Tools or Endeavour Tools before July 31st and win a trip to Bali worth \$2,000. That's right, a trip to Bali on us!

Not sure what you need? That's fine. We will work with you to design and fit out your workshop or vehicle to make sure you have the perfect working environment.

Remember - order and pay for your workshop or breakdown truck fitout before July 31 and automatically win a trip to Bali worth \$2,000 only with Tranzmile.\*

\*One trip per customer. Terms and conditions apply.  
See instore for details or speak to one of our reps
