WE WILL GO THE EXTRA MILE FOR YOU!

MESSAGE FROM THE MANAGING DIRECTOR

I would like to say thankyou to all of our customers for their support over the past year.

Tranzmile turned 15 years old this year - a significant achievement. Over the last 15 years we have grown the business from a single start up branch at Coopers Plains in Brisbane to our existing 5 branch network extending from Townsville through to Sydney. And we are only getting started! Our goal is to build a national network of branches offering our now famous Tranzmile level of service supported with outstanding pricing and industry leading stock levels.

Over the past year we have achieved a lot. We have vastly expanded our trailer range, including releasing our first Trailer Catalogue. We have also released 5 bus parts catalogues covering a wide selection of common makes, further expanded our European truck parts range and have started on growing our Japanese truck parts range, to name a few.

Our industry leading Tranzmate software has also gone from strength to strength, and we are pleased to see so many customers taking advantage of the software to streamline their business and make managing their fleet, and purchasing parts, so much easier.

I would like to thank my team for all their hard work this year as well. We can not build a worldclass business without worldclass people.

I wish you all a Merry Christmas and once again thankyou for your support and we look forward to going the Extra Mile for you in 2026.

Cameron Black
Managing Director
Tranzmile

ITS OUR COMMITMENT

We want to make doing business with us as easy as possible, so we spend a lot of time thinking up new & simpler ways to ensure customers get exactly what they need, when they need it.

TRACK EVERYTHING

Hi guys
I need a mount plate for this suspension

Hi mate,
No problem. Are there any ID tags on the hanger?

Sorry, no ID tags or stamps.
It's for adjusting the rear suspension.

I've done some digging and it's SAF AD123. The hanger is \$969.51+ from Melbourne, 2-3 days. Want to go ahead?

Sure do, PO VAM1135.

Don't spend your day chasing parts & waiting for call backs.

With TranzMate, your staff can take a quick photo and post a query, then get back to work. Our team will then do all the parts interpreting with everything tracked.

You'll see us working in real time on your request with notifications to your phone.
